### General remarks:

---

The test results presented in this report relate only to the object tested.  
This report shall not be reproduced, except in full, without the written approval of the Issuing testing laboratory.  
"(See Enclosure #)" refers to additional information appended to the report.  
"(See appended table)" refers to a table appended to the report.

Throughout this report a comma (point) is used as the decimal separator.

**This test report refers to the check of a sample of the subject product in compliance with Annex 1 of Council Directive 2006/95/CE (LVD) .**

**The compliance to the LVD has been checked using the standard EN 60950-1:2006 and Amendments indicated in the first page as a guide.**

**The positive result of this analysis does not imply whole conformity to the standard.**

**The ability or reliability of this product to perform its intended function in a particular application has not been investigated.**

**Unless otherwise specified, warnings, installation instruction and/or user manual provided with the sample have been checked in Italian or English version only.**

**Under the responsibility of the manufacturer (in the meaning of the LVD) the translation in a language accepted in each Countries in which the product will be distributed.**

**The subject product is intended to be included / installed within a finished product, for this reason some requirements must be checked in the final destination.**

**IMQ declines any responsibility derived from missing or wrong information provided aside by the applicant.**
